Signalyze: Ather Rizta Quick Findings
Top 3 Positive Highlights:

1. App & Software/Usability

2. Range & Battery Experience

3. Ride Comfort & Build

Top 3 Areas for Improvement:

1. App & Software Stability

2. Battery / Charging Concerns

3. Range / Real-world Expectations

Top Positive Examples (by engagement)

- (652 upvotes) When this bubble finally pops, it will be the can't bail out kind.■■Good luck everyone.

- (613 upvotes) Okay, pretty sure that's what they do

- (549 upvotes) People continue to give Elon too much credit. Elon's increasingly batshit crazy behaviour isn't killing Tesla because Elon does

Top Negative Examples (by engagement)

- (228 upvotes) >The L9's gas engine died at 307,000 km (190,000 miles), due to the timing chain tensioner failing and destroying the engine.

- (199 upvotes) I make audio amplifier ICs for mobile consumer devices. Wiring the speakers out of phase is a common error that I'm asked to

- (132 upvotes) Errors in data. Wind.   Elevation charge.
